- Frontend Web Development
  - January 2023 to Date

## ABOUT ME

I am a Receiving and support clerk with 6 years experience in administration, customer support and data analytics. I am currently employed as a Receiving Clerk/Quality Control Inspector at Process Automation. I single handedly ran a 3-man department for just over 10 months due to staff shortages whilst streamlining all daily procedures. Seeking a position in a company that will allow me to grow in a field that I am passionate about.
